GodCry	Rock	<p>It would be fair to say that the Christian Rock band GodCry almost never came to be. In fact, you could say it died before it even began. As a teenager struggling with the pain of being sexually abused, lead singer Jeannette Franklin committed suicide. After flat lining multiple times on the way to the hospital, and actually dying for 2 very long minutes, God decided it wasn't her time to go. Her work was not done, and he breathed new life into her. Determined to make a difference with the gift of a second chance, in September 2008 Jeannette joined forces with drummer Colin McDonald to form GodCry.</p> <p>GodCry is an audio infusion of hard-hitting riffs and unforgettable lyrics. Laying the basis for the GodCry sound are Colin's rock solid beats. Catchy bass grooves are at a premium with the "Funkmaster" Michael Feltner, while John Long's guitar work provides both beautiful melodies and razor-sharp riffs. Completing the GodCry sound are Jeannette's signature vocals that are haunting, alluring, and powerful all at the same time. The combination of these parts creates music that is raw, real, unforgiving, and gripping.</p> <p>GodCry is unlike any other band you will find.</p>	http://www.reverbnation.com/godcryrock						
Heath Eric & Molly G	Roots, Americana, Folk,	<p>Heath Eric's music draws from many influences including: Americana, Folk, Folk-Rock, Funk, Blues, Grassy-Soul, Jazz, and Roots-Bluegrass. But make no mistake, Heath Eric cannot be contained in any "box" of a particular genre. He uses his soulful voice, steeped in truth, and earthly acoustic grooves, to create his own unique and original, homegrown blend of Authentic Americana and Acoustic Soul Music.</p> <p>Molly G. started singing when she was 6-years old. She has won countless talent and vocal competitions and performed across the tri-state. She has released two previous albums, both enjoying tremendous support.</p> <p>Together, they have entertained International audiences and represented Kentucky throughout the region at venues of all sizes, festivals, fairs, outdoor concerts, arenas, theatres, performing arts centers, schools, colleges, universities, special events, organizations, and more.</p> <p>Heath Eric & Molly G bring their combined talents together for a one-of-a-kind, emotionally explosive, musical entertainment</p>	www.heathandmolly.com				Yes	Yes
